

Opening Possibilities... Moving Forward

Dear Client,

You didn't think you were done filling out paperwork, did you?

We are so thankful for having had the opportunity to serve you. Please help us serve others by answering these few questions. All answers will remain anonymous; feedback will be compiled, typed, and given to the therapist quarterly.

- 1) Which therapist did you work with?
- 2) *About* how many sessions did you attend (or approximate start/end dates)?
- 3) What about therapy at Envision Counseling Clinic was valuable to you?
- 4) What about your therapy experience could be improved?
- 5) Please give an example of how your life improved since you began therapy?
- 6) We periodically send out a newsletter with helpful tips on staying healthy. If you'd like to receive this newsletter, please include your name, mailing address and email address here.

Thank you for your time and thoughtfulness. Please return this survey in the envelope provided. We hope to be able to serve you in the future, should the need arise. Many blessings to you in this next season of your life.

Sincerely,

Steve Johnson, President
