

Does your client need a welfare check?
Has a client emailed you with comments of a suicidal nature?
Do you have a client in the office that needs to be taken to the hospital?
Does your client have a family member that is often out of control?

Call the Community Response Team (CRT)!

These law enforcement teams have a member from the police force and
a member with mental health training!

Castle Rock: 303-633-6100
Parker: 303-841-9800
Douglas County: 303-660-7400.

Call 911 in an emergency

(but you can also request a CRT if they're available)

If the person has Medicaid or Kaiser, they have to go to the ER and the CRT
cannot directly place them at a hospital.

For elderly/dementia/hitting – call Adult Protective Services (see phone number
list)
